

Owen Russell - MRF 2017

Owen writes...

The Martin Read Foundation has been monumentally important in pushing me forwards to continue composing and studying music at a higher level, and has given me human connections to people with a similar enthusiasm for writing music to mine. The process of having mentorship and workshopping my music with performers within the foundation thoroughly prepared me for having my pieces workshopped and performed by university ensembles, and composing as part of my degree.

Listen to Owen's music [HERE](#).
