

Freddie Hodkin, MRF-  
awarded 2015, writes...

*The Martin Read Foundation has helped me greatly, providing a platform for my work to be performed, the means to progress my music and study and experience of working with performers. It helped me greatly to achieve my place at Cardiff University, from which I graduated in July 2018 and where I have now been awarded several performance opportunities of my music. I am now aiming at a Masters in composition.*
